

TECHNICAL SPECIFICATIONS

Q104SD Series

Single Packaged Heat Pump, Single Phase

13.4 SEER2, 6.7 HSPF2

2 - 5 Ton Units

Cooling: 23,000 to 56,500 Btuh

Heating: 22,800 to 57,000 Btuh

The Q104SD Series single packaged heat pumps are high efficiency self contained cooling and heating units that can be installed on a roof or on a slab. The convertible unit design makes installations simple in all applications. Units are ETL and ETLc listed.

FEATURES and BENEFITS

- **Energy Efficient:** R-410A Refrigerant
- **Copeland Compressor:** State of the art scroll compressor is standard equipment.
- **Quiet Operation and Low Vibration:** Swept-wing fan blade, on select models, combined with custom Venturi condenser fan.
- **Wire guard coated with Earth Friendly Epoxy and plastic mesh hail guard:** A guard that will never rust and protects the units coil from being damaged.
- **Copper Tube / Aluminum Fin Coils:** Both indoor and outdoor coils are designed to optimize heat transfer, minimize size and cost, and increase durability and reliability.
- **Designed using Galvanized Steel:** with a polyester urethane coat finish. The 950 hour salt spray finish is 1.5 mil thick and resists corrosion 50% better than comparable units.
- **Permanently Lubricated Condenser Motor:** A heavy duty PSC motor for long lasting reliability and quiet operation. Requires no maintenance and is completely protected from rain and snow.
- **Thermostatic Expansion Valves:** Factory installed externally equalized thermostatic expansion valves provides precise refrigerant control under varying load conditions.
- **Hi and Low Pressure Switches:** Ensure long compressor life.
- **Externally Accessible Service Ports:** Quick access to refrigeration system.
- **Liquid Line Filter Drier:** Factory installed at a convenient location for service.
- **Suction Accumulator:** Protection from liquid flood back and future compressor failures.
- **Low voltage Transformer:** Includes 3 Amp fuse to protect low voltage circuit.
- **Corrosion-Resistant Drain Pan:** Quickly drains away evaporator condensate.
- **Energy Efficient:** Brushless DC (ECM) Blower Motor.
- **Demand Defrost Standard:** Provides additional energy savings in heating by defrosting only when necessary.
- **Five Minute Restart Time Delay:** When the unit shuts down, a 5 minute delay keeps the unit from restarting, eliminating the highest cause for compressor failure.
- **Heavy-Gauge, Full Perimeter Base Rails:** Facilitates forklift handling and curb mounting.
- **Convertible Air Delivery:** Horizontal or downflow to accommodate rooftop or horizontal applications.
- **Easy Compressor and Control Access:** Designed to make servicing easier for the contractor, access panels are provided to all controls and the compressor from the side of the unit.
- **Easy access:** to the evaporator coil for cleaning and general maintenance.
- **Removable Top Grille Assembly:** Allows ease of service to the fan motor.
- **Duct Flanges:** reduce installation costs.
- **Optional Electric Heat:** Field installed 5 – 20 KW.
- **Proven, Industry Standard Components:** Easier service and availability.

Notes:

- * Denotes factory set cooling speed.
- ** Denotes factory set electric heating speed.
- Heat rise calculated based on **10KW** of electric heat using formula $(KW \times 3413) / 1.08 / CFM$
- Temperature rises in tables are approximate. Actual temperature rises may vary.
- Shaded areas are not approved for proper electric heat operation above 40F rise.
- Deduct approximately 3% from airflow shown for 208V applications.

Notes:

- 1) T.C. = Total (Net) Cooling Capacity (kBtu); S.C. = Sensible Cooling Capacity (kBtu); KW = Kilowatts
- 2) Expanded Ratings are based on 230 Volt - 60 Hz operation
- 3) Shaded area indicates AHRI rating point.

Notes:

1) MBH = Heating Capacity (Btuh x 1,000); COP = Coefficient of Performance; kW = kilowatt

GENERAL TERMS OF LIMITED WARRANTY

Nortek Global HVAC, LLC will furnish a replacement for any part of this product which fails in normal use and service within the terms and conditions of the warranty.

For complete details of the Limited Warranty, including applicable terms and conditions, see your local installer or contact the Nortek Global HVAC, LLC warranty department for a copy.

Before purchasing this appliance, read important energy cost and efficiency information available from your retailer. Specifications and illustrations subject to change without notice and without incurring obligations. Printed in U.S.A (08/2022)
